March 2018

## The Yellow Zone is for Loading and unloading only. . .

The loading zones at the Marina, particularly at D & E Docks, tend to get abused with vehicles parking there for extended periods. Be advised that Richmond PD has indicated they may be stepping up enforcement.

Below is the City code on yellow zones, since the spaces are not otherwise marked the limit is actually only 3 minutes! So if you exceed that time RPD may ticket you.

From Richmond Municipal Code:

**14.48.020 - Curb markings to indicate no stopping and parking regulations.**

The Director of Public Works is authorized, subject to the provisions and limitations of this article, to place, and when required by this chapter, shall place, the following curb markings to indicate parking or standing regulations, and said curb markings shall have the meaning as set forth in this section:

(b) **Yellow shall mean no stopping, standing or parking at any time between seven a.m. and six p.m. of any day except Sundays and holidays for any purpose other than the loading or unloading of passengers or materials; provided, that the loading or unloading of passengers shall not consume more than three minutes nor the loading or unloading of materials more than twenty minutes for commercial vehicles or no more than three minutes for passenger vehicles. The only exceptions are:**

(1) Where a yellow loading zone is clearly marked by signs which indicate that it is a special loading zone, the restrictions on stopping, standing or parking shall apply at all times.

## DOCK CARTS

On busy weekends it often seems like there are never enough to go around: We need everyone's help in taking care of them.

- **Please Return All Carts to the Head of the Dock! Don't leave them in the parking lots, or by the slips. No one enjoys having to search through the marina to find a cart!**
- **Please Don't Overload the Carts! (ie NO engine blocks, loads of anchor chain or batteries!).**

If you want to keep a cart for your exclusive use at your slip, consider buying one of the nifty folding varieties available at marine chandleries & online.

## E-Dock Restroom Renovation

The renovation of the D-Dock restrooms is proceeding and if all goes well, we hope to have the project completed by the end of March. The project includes much needed roof repairs as well as reconfiguring the restrooms to add a much needed second shower in the both the Men's and Women's restrooms.
