May 2018

WHERE ARE ALL THE DOCK CARTS? -_(\ツ)_/

Carts have been disappearing at a rapid pace lately and we currently do not have any in stock or awaiting repair. Carts left in the parking lots have a tendency to get stolen and carts that get left out on fingers can end up in the water and sink on windy days. Either way, that means fewer and fewer available carts.

The marina cannot replace the carts as fast as they have been disappearing lately and given the high replacement cost there isn't a lot of motivation to do so if they are lost so quickly.

We need everyone's help in taking care of the carts!

- **Please Return All Carts to the Head of the Dock!** Don't leave them in the parking lots, or by the slips. No one enjoys having to search through the marina to find a cart!
- Please Don't Overload the Carts! (ie NO engine blocks, loads of anchor chain or batteries!).

If you want to keep a cart for your exclusive use, consider buying one of the nifty folding varieties available at marine chandleries & online. At this point we strongly encourage people to consider this option.

Dumpsters

Due to illegal dumping contaminating the recycling bin at E-Dock, the recycling dumpster at that location will be temporarily removed. Plans are in the works for a proper dumpster enclosure in Melville Square and if all goes well with the bidding and permitting process we hope to have construction start late this summer. Once we have a proper enclosure we intend to resume recycling services.

- Please place only recyclable items in the recycling dumpsters. All other trash goes in the other bins.
- Please close the dumpster lids when you are finished. Open lids allows trash to spread!
- Please take all hazardous waste items such as chemicals, batteries or electronics to the Household Hazardous Waste Facility.

To find out more about proper disposal of items, go to:

www.recyclemore.com

Repair Projects!

The E-Dock restroom renovations have one more inspection to pass and should be open for business again soon — we expect that to be completed by the end of April.

Office Hours: Monday through Saturday 9-5 Closed Sundays
