## Commercial Activity at the Marina

Periodically there are issues with boaters attempting to conduct commercial activity at the Marina without clearing it in advance. The Berth License Agreement every boat owner signs states:

**6. USE OF BERTH.** (i) Boat Owner agrees not to undertake any commercial activity on the vessel or at Marina Bay Yacht Harbor without the prior written consent of Marina.

Commercial activity not only includes chartering or renting a vessel (even for a charity or non-profit group) but it also includes peer-to-peer sharing sites such as AirBnB, BoatBound, Boatsetter, VRBO, Get My Boat etc. Most boat insurance does not cover commercial use and the coverage supposedly provided by these operations may not be sufficient. There is also the issue of unknown people getting access to the docks and marina facilities. Commercial activity that has been permitted at the Marina has been vetted to minimize potential impact.

Vessels that are being used for commercial activity without prior authorization of the Marina are in violation of their Berth License Agreement and will have their Agreement terminated. Please do not conduct any commercial activity at the Marina without prior written authorization.

## DOCK CARTS

We need everyone's help in taking care of the carts!

- **Please Return All Carts to the Head of the Dock!** Don't leave them in the parking lots, or by the slips. No one enjoys having to search through the marina to find a cart!
- Please Don't Overload the Carts! (ie NO engine blocks, loads of anchor chain or batteries!).

If you want to keep a cart for your exclusive use, consider buying one of the nifty folding varieties available at marine chandleries & online.

## Changing your oil?

The Marina has facilities to recycle used motor oil and filters and to dispose of used absorbent pads at the Launch Ramp & D Dock. Contact the Harbor Office for access (**Please don't just leave the containers outside the sheds where they can leak or spill**). Please do not mix anything with the oil, especially any coolant, fuel, brake cleaner or other solvents. For info on how to safely dispose of any other hazardous items go to: [www.recyclemore.com](http://www.recyclemore.com).

His beak can hold more

He takes in his beak  
Food enough for a week  
But I'm darned if I see
