

# Marina Bay Tides

September 2018

## Repair Projects

We have a number of repair projects getting started soon:

- The dumpster enclosure at Melville Square (E-Dock) is just beginning.
- Slurry coating and restriping of half of the Melville Square parking lot is scheduled for later in September. Move your car when the signs go up!
- The gates at D & E Dock are scheduled for replacement this fall.
- Dock repairs at E-Dock and fire system replacement at F-Dock are scheduled for later in the fall.

We appreciate everyone's patience with these much needed repair projects.

## Please Display Your Parking Permit

Help make sure there is ample parking at the marina for boaters and guests by properly displaying your permit. **The proper location for your permit is on the LEFT REAR bumper or window.** If you display your permit in another location we cannot guarantee that it will be seen and you won't inadvertently get ticketed. We are outsourcing some of the parking enforcement, particularly at night.

**2019 Permits will be issued later in the fall.**

If you are having a guest for more than a day sail, please stop by the office to pick up a yellow visitor's permit. We strongly encourage carpooling whenever possible, particularly on busy weekends.

## No AirBnB!

Or any other peer-to-peer services.  
(Boatbound, Boatsetter, Cruzin, GetMyBoat, VRBO, etc.)

Listing your boat for use on any of these sites or chartering it constitutes a breach of the Berth License Agreement prohibition on commercial activity. Please do not attempt to conduct commercial activity at the Marina without explicit, written authorization (this also includes "non-profit" charters). We have had to terminate the Berth License Agreement of boaters who continued to violate this provision. Please contact the Harbor Office *before* you embark on any commercial activity involving your boat at Marina Bay.

## Coastal Cleanup Day
