## Marina Reorganization

On April 1, we will be reorganizing the Marina to improve efficiency. Starting at noon, all boats in the Marina will be required to change slips so that we can finally have order. Slip assignments will be based on vessel type so all the same types of vessel will be berthed together. Within the vessel groups, vessels will then be organized in descending order (from left to right) by manufacture year and within that group by hull color according to the Pantone color chart. So, for example all Catalina 36's will be berthed in line with the newest boats on the left and the oldest on the right and by color from left to right. Same for the Islanders, Newports, Beneteaus and so on. Vessels that are the only one of their types in the Marina will be assigned berths alphabetically by manufacturer between the vessel groups. Putting all the similar boats together will dramatically improve the efficiency of docking and will greatly increase boater camaraderie as boaters will be able to better avoid associating with the people who bought other kinds of boats while at the same time being slightly humbled by the people who have a newer version of their boat or are just doing a better job of maintaining and upgrading theirs.

## Opening Day 2019

“OPENING DAY ON THE BAY” April 28 MARKS THE OFFICIAL START OF SAN FRANCISCO BAY’S 2019 BOATING SEASON

The theme of this year’s parade is “Nations on The Bay”. The parade will feature boats, both power and sail, decorated to the theme competing for best decoration honors. Find more info at Pacific Inter-Club Yacht Association: [www.picya.org](http://www.picya.org).
