

Marina Bay Tides

June 2020

Do NOT Feed the Seagulls!

We have a hard enough time trying to keep the docks clean and feeding the seagulls (cleaning fish, dumping bait etc.) only encourages them to hang out here. Please don't contribute to more mess!

Richmond Municipal Code states:

RMC 5.16.060 (b) Fish. No person shall clean fish or cut bait or place or leave dead animals, fish, shellfish, bait or other putrefying matter on or along the seawalls, jetties, harbor structures, floats, piers or sidewalks of Richmond Marina Complex except at those places specifically designated.

Currently the only authorized location for disposal of bait & fish waste are the dumpsters.

COVID-19 Update

The docks and launch ramp are currently still open and available for use.

We encourage everyone to continue practicing social distancing including wearing face coverings in public as long as this crisis lasts (ie until the shelter in place order is relaxed or lifted).

The Marina is operating with reduced staffing and reduced hours. During this time we strongly encourage everyone to avoid coming to the office as much as possible and to take advantage of other means such as the marina website, e-mail & phone to take care of business. Payments can be made online through the Marina website, by mail or even dropping a check through the mail slot.

When communicating, we recommend e-mail as the best method. Send your messages to: INFO@MBYACHTHARBOR.COM.

When calling, please be aware that with reduced staffing, answering all the calls as they come in is a challenge. Please leave a voicemail message and we will do our best to call back as soon as possible. For after-hours emergencies such as water breaks or power outages please select Option 3 in the voicemail to have our on-call staff paged.
