

Marina Bay Tides

January 2022

Insurance

It's one of those things that aren't too exciting until you really need it but part of the requirement for berthing at the marina is providing proof of minimum insurance coverage. That includes providing updates whenever your policy is renewed or you change insurers.

If the certificate we have on file has expired, you will receive a notification on your monthly statement.

When sending us copies of your insurance, emailing a copy of your current Declaration Page and Additional Insured Endorsement to info@mb yacht harbor.com is the best. Sending a receipt or a screen shot of your payment does not constitute proof of insurance for our insurer.

Electrical Safety

Please be extremely careful with electric heaters on board! Heaters and dehumidifiers can draw a very large load so be careful that you do not overload your boat's wiring. Also keep in mind that electric heaters can have a big impact on your electric bill!

Carefully inspect all wiring and your shore power connections. As a reminder, all shore power connections must be UL approved marine type and the use of adaptors to connect household type extension cords is prohibited (adaptors are NOT UL approved). The Marina reserves the right to ban any cords we deem unsuitable.

And of course, never leave heaters on unattended! As Smokey the Boating Bear says:

"Only You Can Prevent Boat Fires!"

2022 TIDE & CURRENT TABLES
SAN FRANCISCO BAY & TRIBUTARIES

2022 Tidebooks

The 2022 Tidebooks are here. Copies are available at the Harbor Office and other key locations in the Marina.

QUALITY, CONVENIENCE & GREAT AMENITIES:
800 Berths On San Francisco Bay
Deep Draft Harbor & Boat Launch
1340 MARINA WAY SOUTH • RICHMOND, CA
510.236.1013

Info@MBYachtHarbor.com

Protect your Shorepower Cord, prevent damage to your boat!

Shut off the breaker at the dock box every time you plug or unplug your shorepower cord!

Plugging or unplugging energized power cords can damage them which can lead to damage to your boat's electrical system or fires. Inspect your cord and inlet **regularly** for any signs of damage.

If your power center has a 20 Amp dock light breaker, please leave that ON!

Please Display Your 2022 Parking Permit

The permit applications were mailed out in December. Please update your vehicle info and return by mail or e-mail. Let us know if you want to pick up your permit or have us mail it to you.

Office Hours: Monday through Saturday 9-5 Closed Sundays
