Stuff on the Docks?

If you have any stuff on the docks, please help us out and remove it. Nothing should be stored on the docks but your dock steps (and please don't store any chemicals in or under your steps). The docks are a fire lane that must be kept clear. The maintenance staff may remove things that don't belong (including kayaks & dinghies). Please contact the Harbor Office if you have any questions.

No Hazardous Waste in Dock boxes or Under Dock Steps (or anywhere else on the dock)!

We know it's tempting; there is often that leftover bit of varnish or partially used bottle of oil that you want to hang on to for later use. But storing these items on the dock increases the chances of leaks and spills in the water. And the hazmat all too often gets forgotten until it leaks and makes a sticky mess all over everything else in the dock box.

The Marina Rules State:

5. STORAGE ON DOCKS. Storage of items must be confined to the dock box or the boat . . . Storage of hazardous or flammable materials is not allowed on or about the docks or in dock boxes. Any unapproved items found on a walkway or finger pier will be removed and disposed of at Boat Owner's risk and expense. . .

The waste oil recycling sheds are in the courtyard at D-Dock and the Launch Ramp Parking lot. We can recycle used motor oil, filters and dispose of used absorbents. **As always, please do not leave oil or filters outside! Please call the Harbor Office for access. Containers left outside can spill which pretty much defeats the purpose of the recycling.**

If you need to dispose of other waste, such as used paint thinner, acetone, old paint & varnish, or other hazardous substances, please use the **West County Household Hazardous Waste Collection Facility** located at 101 Pittsburg Ave., Richmond 94801. It's easy & free! Call 1-888-412-9277 for more information or go to:

Prove Me Wrong!

I'll be forever disappointed. I found out that a group of squid isn't called a squad.
