

# Marina Bay Tides

September 2022

## Credit Card Update

We recently did a routine update with our credit card processor and as a result, if you previously had your card on file with us you may need to resubmit your card info.

The majority of the accounts on AutoPay have had their info transferred but any accounts that were not coded AutoPay were not retained. Autopay is usually run around the 5<sup>th</sup> of the month, so if you do not see a pending charge on your card by the 7<sup>th</sup> or 8<sup>th</sup>, we recommend you contact us with your card info.

## Repair Work Scheduled for September

We expect our dock contractor to be on hand in mid-September to begin several repair projects. The scheduled work will be primarily on F-Dock. We'll notify any affected slip holders as we get closer to the dates.

## Coastal Cleanup Day

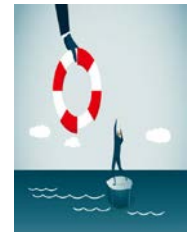

Saturday, September 17

California Coastal Cleanup Day is part of one of the largest volunteer events of the year. Participate locally on September 17.

Let's Make Trash Extinct!

For more info or to get involved, go to:  
[www.coastalcleanupday.org](http://www.coastalcleanupday.org)

## Current Documentation or Registration & Insurance

The Berth License Agreement requires boat owners submit current Documentation or Registration as well as current Insurance. Documentation is with the US Coast Guard and has been an annual renewal in the past however in recent years, they have been offering multi-year (up to 5 years) renewal. Registration is with California DMV and is valid for two years with renewal on odd years.

As office staff sometimes need to spend an inordinate amount of time chasing down current paperwork from a few tenants we have instituted a new fee on our rate schedule for vessels who fail to provide current information despite multiple requests.
