

Marina Bay Tides

August 2023

Summer Safety:

No Dock Storage Please!

Storing things on the dock is a safety hazard: The fingers are fire lanes and that space is needed for emergency access, so no storage is allowed on the dock (other than dock steps).

Any stuff that the maintenance staff needs to remove may result in labor and disposal costs. (including stuff stored in/behind your dock steps).

Keep Your Shore Power Cords Out of the Water!

Make sure your cord is securely routed so it doesn't dip in the water when your boat moves about in the slip. Not only can this damage your cord but it can create a ground fault condition or other safety hazard.

No hanging over the Walkway!

Tie your boat up so your bow isn't hanging over the walk way no matter what the wind direction is. **Use Spring Lines!** Boats that need to be retied may be subject to labor costs.

Current Vessel Documentation or Registration

The Slip License Agreement requires boat owners submit current Documentation or Registration. Most registrations will be expiring at the end of this year. Make sure that you send us your updated certificate of number when you renew. Please e-mail to **MBYH@SHMarinas.com**.

Registration is with California DMV and is valid for two years with renewal on odd years. Documentation is with the US Coast Guard and has been an annual renewal in the past however in recent years, they have been offering multi-year (up to 5 years) renewal. When renewing documentation, be aware of commercial sites that look like the official Coast Guard site (& charge a lot more).

While we would prefer to update our records, there is an expired registration/documentation fee on our rate schedule of \$100 per month for vessels who fail to provide current documentation or registration in a timely fashion. The fee for expired insurance is \$50 per day. Please keep your paperwork up to date!

Mark your calendar:

Aug 4 — **US Coast Guard Day.** Semper Paratus!

Aug 4 — **International Beer Day.**

Aug 6 — **International Hangover Day.** For when you celebrated Int'l Beer Day a little too much.

Aug 23 — **Ride the Wind Day.** Let the wind carry you!

Aug 26 — **National Dog Day.** www.nationaldogday.com. Take your dog sailing!

What is the best thing to do
when you have a hole in a boat
and water is leaking inside?

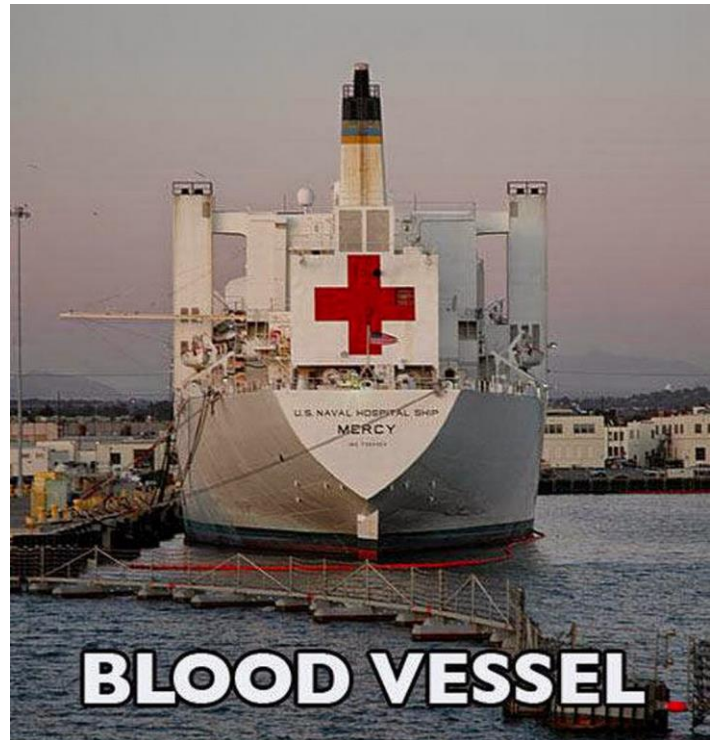

Make another hole
to drain the water.
