## MARINA PARKING RULES AND REGULATIONS (Addendum 3)

**PARKING AND MOTOR VEHICLES.** Parking at Safe Harbor Marina Bay Yacht Harbor is by permit only, limited, not guaranteed, and is expressly for the use of Boat Owners and their authorized guests. To receive a Parking Permit, the Boat Owner must submit a completed Marina Parking Rules Addendum to the Marina for approval, and if the Addendum is approved by Marina, pay the appropriate deposit or fee for each permit. The Parking Addendum is hereby incorporated into this Agreement by reference.

Violators will be towed at the owner's sole risk and expense. Safe Harbor Marina Bay Yacht Harbor does not warrant the availability or security of parking. The Marina disclaims responsibility for vehicles parked in the parking lots or neighboring streets, including damage to, theft of or theft from vehicles. No overnight accommodations will be allowed in a trailer, recreational vehicle, motor-home or any other vehicle on Marina property without the express written authorization of the Harbormaster. The parking areas are often congested with many pedestrians moving around; please drive very slowly through these areas to avoid accidents and injuries.

1. The Marina reserves the right to control the method, manner and time of parking and parking spaces in and around the Marina property, to designate what portions of the Marina and its premises may be used by Boat Owner(s), guest(s) or visitor(s) or for special events.
2. The Marina parking lots are for use by Boat Owners and their authorized guests for vehicles only. All parking is intended for daily rotational parking only, limited to one vehicle per licensed driver.
3. Parking permits shall be issued to Boat Owner on payment of deposit or fee per permit. Current rates are listed in the published rate sheet. Only one permit per licensed driver may be issued. Lost or stolen permits must be reported immediately to the Marina.
4. Guest parking permits for authorized guests may be obtained from the Marina Office.
5. Failure to properly display a valid permit may result in the vehicle being cited and/or towed. It is solely the vehicle owner's responsibility to properly display a valid permit and the Marina will not be liable for any costs associated with any failure to do so. The Boat Owner is responsible for ensuring the Marina has current information on all their permitted vehicles. The Marina will not be responsible for any costs incurred by a vehicle displaying a permit assigned to another vehicle.
6. No vehicles, trailers or equipment may be stored in Marina Bay parking lots. Absolutely no parking of boats, trailers, commercial or construction vehicles without the written authorization of the Harbormaster.
7. Any vehicle parked in the Marina Bay parking lots, which has not been moved in 72 hours (3 days), may be ticketed and towed off the premises at the vehicle owner's risk and expense. Boat Owners who intend to be absent on their boat for four (4) or more days should contact the Harbormaster's office in advance to register their vehicle.
8. Park only in designated spaces. Designated liveaboard spaces are reserved on a first-come, first-served basis for authorized liveaboards only.
9. All vehicles in parking lots shall have and display current registration and be operational at all times. This includes but is not limited to motorcycles, mopeds and other vehicles.
10. All vehicles in parking lots must be properly insured including property damage and liability. If requested by the Marina, evidence of such insurance must be provided.
11. Vehicle washing, maintenance and/or repair are strictly prohibited on the premises. No vehicle fluids or any other discharge are allowed onto the surface or into the parking lot drains. If the Marina finds it necessary to clean the parking lot surface because of fluids and other discharges from vehicle(s) the owner of such vehicle will be responsible for all costs.
12. Unauthorized or improperly parked vehicles and/or infraction of these rules may result in the vehicle being cited, fined and/or towed at owner's risk and expense.
