January 2024

Do we have your Current Documentation or Registration?

All California registrations expire as of December 31, 2023. Make sure we get a copy of your updated registration!

The Slip Agreement requires boat owners to submit current Documentation or Registration. Registration is with California DMV and is valid for two years with renewal on odd years.

Documentation with the Coast Guard can be valid for one to five years and may expire any time of the depending on when first issued.

There is a monthly “inconvenience fee” of \$100 per month for members who are unable to provide a copy of current vessel Documentation or Registration in a timely fashion. In most cases, the actual documentation or registration fee will be substantially less so providing the update is cheaper. *“Sort’ve an incentive kind of a deal, huh?” – Captain Ron*

2024 Tidebooks

The 202 Tidebooks are here. Copies are available at the Harbor Office and other key locations in the Marina.

2024 Parking Permits

Please display your permits. As of January 1, 2024 all previous permits will no longer be valid & vehicles displaying them may be subject to citation and/or towing.

Electrical Safety

Please be extremely careful with electric heaters on board! Heaters and dehumidifiers can draw a very large load so be careful that you do not overload your boat’s wiring. Also keep in mind that electric heaters can have a big impact on your electric bill!

Carefully inspect all wiring and your shore power connections. As a reminder, all shore power connections must be UL approved marine type and the use of adaptors to connect household type extension cords is prohibited (adaptors are NOT UL approved). The Marina reserves the right to ban any cords we deem unsuitable.

And of course, never leave heaters on unattended! As Smokey the Boating Bear says:

“Only You Can Prevent Boat Fires!”
