August 2024

Summer Safety:

No Dock Storage Please!

Storing things on the dock is a safety hazard: The fingers are fire lanes and that space is needed for emergency access, so no storage is allowed on the dock (other than dock steps).

Any stuff that the maintenance staff needs to remove may result in labor and disposal costs. (including stuff stored in/behind your dock steps).

No Hazardous Waste in Dock boxes or Under Dock Steps (or anywhere else on the dock)!

We know it's tempting; there is often that leftover bit of varnish or partially used bottle of oil that you want to hang on to for later use. But storing these items on the dock increases the chances of leaks and spills in the water. And the hazmat all too often gets forgotten until it leaks and makes a sticky mess all over everything else in the dock box.

DUDE, WHERE'S THE DOCK CART?

Please be kind and Return All Carts to the Head of the Dock! We can't replace them, so any cart left in the parking lots to get stolen is one less cart available.

Please NO Overhangs!

Please secure your boat so no matter the wind direction it doesn't hang over the main walkway. Anything that sticks over the concrete, particularly anchor platforms is a potential hazard & people could get hurt. Spring lines are your friend here!

If necessary, the maintenance crew is ready to get out their chop saw and cut off any parts hanging over the dock.
